Full-Stack Web Developer with a proven background in biological research and clinical work. Successfully graduated the University of Washington full-stack coding bootcamp. Expertly equipped to apply front-end development experience to maximize efficiency while designing a simple yet elegant user interface. Passionate about creating a robust and sophisticated back-end to further support a seamless user experience. Enjoys collaborating with others to tackle programming challenges from many different angles to produce the most pragmatic websites.

Areas of Expertise

Front-End: HTML, CSS, Bootstrap, Materialize, JavaScript, jQuery, AJAX, Handlebars.js, React

Back-End: RESTful APIs, Node.js, Express.js, MySQL/Sequelize, MongoDB/Mongoose

Projects and Applications

Left or Write

- A full-stack application that allows users to read or write “Choose Your Own Adventure” stories
- Participated in both front-end and back-end designs in group of three
- Integrated Google OAuth 2.0 using Passport
- Built with Bootstrap, Handlebars.js, Node.js, Express.js, Passport.js, and Sequelize
- <https://leftorwrite.herokuapp.com/>

Full Keto

- A full-stack application that promotes the Ketogenic lifestyle
- Designed the front-end and back-end as the sole contributor to the project
- Built with Materialize, Handlebars.js, Node.js, Express.js, EDAMAM API, and Nutritionix API
- <https://jl-fullketo.herokuapp.com/>

Entertain Me

- A client-side application that suggests activities based on location, date and category inputs
- UI/UX designer in a group of four
- Built with Materialize, Algolia Places library, Eventful API, and Google Maps API
- <https://joverlee521.github.io/EntertainMe/>

Additional Experience

ART Reproductive Center, Beverly Hills, CA
Embryologist

May 2016 – June 2018

ART Reproductive Center, Beverly Hills, CA
Embryology Lab Assistant

October 2015 – May 2016

Baker Lab, UC Berkeley, CA
Research Assistant

May 2014 – May 2015

Education

University of Washington, Seattle, WA
Full Stack Coding Bootcamp

University of California, Berkeley, CA
B.S. Molecular Toxicology
